

Declaration for the use of generative AI tools (student)

Declaration for the use of generative AI tools (student)

☒ I/we have used generative AI as an aid/tool

☐ I/we have NOT used generative AI as an aid/tool

If the use of generative AI is permitted for the exam, but you have not used it in your assignment, you simply need to tick that you have not use GAI, and do not need to fill in the rest.

List which GAI tools have been used, incl. link to the platform (if possible):

<https://claude.ai/>

Describe how generative AI has been used in the assignment

- 1) *Purpose (what did you/we use the tool for)*
We used GAI (claude) to assist with CSS and HTML for our website. The AI was only used for front end related tasks such as layout, styling and structuring of web pages.
- 2) *What phase (at what point in the work process did you/we use GAI)*
The AI tool was used during the development phase and helped with repetitive work of the front end of our project.
- 3) *What did you/we do with the output (including whether you/we edited the output and worked further with it)*
We reviewed and manually adjusted the output from the AI tool. After doing the adjustment and evaluation we integrated the code to fit our vision for the web page.
